**Space is limited in order to accommodate social distancing and mask guidelines as required by state.**

**Chowan Perquimans Smart Start Partnership Training Descriptions**

### **Administration of Medication Part 1 & Part 2**

Participants will learn rules and regulations of N.C. safety, medication, and sanitation requirements to assure the safety of children while in your care. Participants will learn six rights to passing medications and also completing medication administration record.

### **Children with Special Health Care Needs**

Training developed by the North Carolina Child Care Health and Safety Resource Center covering information about children with special health care needs. ADA inclusion requirements, care teams for children with special health care needs, the role of the Child Care Health Consultant, required documentation for children with special health care needs and for handling medical emergencies at the child care facility.

Training developed by the North Carolina Child Care Health and Safety Resource Center covering information about children with special health care needs. ADA inclusion requirements, care teams for children with special health care needs and for handling medical emergencies at the child care facility.

### **Creative Ideas for Physical Activities**

Participants will learn the importance of movement and physical activity. Participants will also learn how to plan for physical activity, scheduling physical activity & planning with daily themes. Participants will do hands on physical activities.

### **CPR/First Aid Training**

Participant will learn how to perform CPR/First Aid. Also, learn the rules and regulations for administering both.

### **Emergency Preparedness & Response in Child Care**

Emergency Preparedness and Response (EPR) in Child Care Training provides early educators with information and tools to prepare for many types of emergencies. The EPR in Child Care Training addresses

NC Child Care Rules on emergency preparedness, current best practice recommendations, and guidance on completing the online EPR Plan.

### **Fire Safety**

Participant will learn the use of fire extinguishers and get information to help them learn about ABC's of fire extinguishers and how to perform visual inspections when having to make a split-second decision on whether or not to attempt to fight a fire or call 911. Training will also include how to spot fire hazards and how to access 911 system and changes to our community 911 procedures.

### **ITS/SIDS**

Learn how to provide a safe sleep environment for infants in a childcare setting. Training is required every three years and within four months of hire for staff and volunteers, and family childcare home providers licensed to care for infants.

### **Playground Safety**

This Training will cover the importance of appropriate supervision in childcare. We will cover proper supervision at mealtimes, naptime, and during free play indoors and out on the playground. This training will discuss developmentally appropriate supervision for infants, toddlers, preschoolers, and school-age children and the NC Child Care rules regarding supervision. Through scenarios, we will practice these skills and teachers will learn appropriate techniques to help keep children they serve safe while in their care.

### **Prevention & Response of Allergies & Infectious Disease**

Participants will learn how to recognize signs and symptoms of severe allergic reactions, including anaphylaxis. Participants will also learn about infectious disease and how infectious disease spreads.

### **Shaken Baby Syndrome**

Participants will learn that Shaken Baby Syndrome is a serious brain injury resulting from forcefully shaking an infant or toddler. Participants will learn Shaken Baby Syndrome usually occurs when a parent or caregiver severely shakes a child in frustration, or anger, often because the child won't stop crying. Permanent brain damage or death may result.

### **Wellness & Nutrition**

This workshop will prepare Child care providers with physical activity and nutrition standards for Child care, as well as moving towards an active and healthy lifestyle for the future. NAPSACC is an evidence-based program for improving the health of young children by enhancing child care programs practices, policies, and environments. [www.gonapsacc.org](http://www.gonapsacc.org)
